CONSORTIUM AGREEMENT

Introduction

A Consortium Agreement allows a student to enroll in courses at another (host) institution while completing a degree at Marywood University. Classes taken at the host Institution must be classes the student is unable to take at Marywood and they must be fully accepted into the student's degree program. This agreement ensures that the host institution, and the student, have a clear understanding of their rights and responsibilities under this agreement.

Student Rights

The student has the right to enroll in courses required for her/his degree and have those credits transferred to Marywood University and to receive available federal financial aid for which s/he is eligible from the home school while enrolled at the host institution with an approved Consortium Agreement.

- x Meet with an advisor to ensure that all courses are required/applicable to the student's degree.
- x Decline federal aid funds from the host institution during the same period of enrollment.
- x Pay the host institution's charges; Marywood
